PROFESSIONAL SUMMARY

Data-focused Computer Science graduate with hands-on experience turning raw insurance data into interactive dashboards using SQL and Power BI. Trained in SAS programming and NSA-accredited computer security, with a track record of delivering data visualization and reporting solutions during two internships at Harford Mutual Insurance Group.

TECHNICAL SKILLS

Data & Analytics: SQL, Power BI (dashboards, data modeling, interactive visuals), Base SAS, Microsoft Excel

Databases: SQL Server, MongoDB

Programming: Python, Java, JavaScript, HTML/CSS

Platforms: Sapiens PolicyPro (insurance policy administration)

Soft Skills: Client communication, stakeholder support, troubleshooting, teamwork

EXPERIENCE

Application Development Intern — Harford Mutual Insurance Group

May 2025 – Aug 2025

Harford, MD

- Transformed raw policy and billing data into interactive Power BI visuals used by business teams to monitor operations and support decision-making.
- Wrote SQL queries to extract, clean, and join data from production systems for reporting and analysis.
- Supported billing projects with technical and operational analysis, working directly with business stakeholders.
- Completed configuration training on the Sapiens PolicyPro policy administration system, building domain knowledge of insurance data structures.

Tech Services Intern — Harford Mutual Insurance Group

May 2024 – Aug 2024

Harford, MD

- Resolved internal IT tickets across hardware, software, and network issues, documenting recurring problems and resolutions.
- Managed data migration to new devices during hardware upgrades, ensuring data integrity throughout transfers.
- Assisted with employee onboarding/offboarding and equipment setup across the organization.

EDUCATION

Bachelor of Science, Computer Science — West Chester University

May 2026

West Chester, PA

CERTIFICATIONS & AWARDS

- SAS Programming 1: Essentials — SAS Institute (June 2026)
- Google AI Essentials (June 2026)
- Computer Security Certificate, NSA Accredited (May 2026)
- 2nd Place, PACISE Cybersecurity Competition — solved challenges across four categories (April 2025)

ADDITIONAL EXPERIENCE & ACTIVITIES

Ace Hardware, Harleysville, PA — inventory management, customer service, forklift certified (2023–2024). Self-employed landscaping (2017–2023). West Chester Water Polo Club (2022–2026).
